Case No: QB-2018-006323 - Royal Court of Justice, Strand London WC2A 2LL

1 HEARD - LAWS
2 up.
3 MR. JUSTICE NICOL: "Client admits to history of anxiety, eating
4 disorder, ADHD, bipolar disorder, co-dependence issues and
5 occasional insomnia." Have I got the right sentence?
6 MS. LAWS: That is right, yes.
7 MR. JUSTICE NICOL: Were those observations correct or incorrect?
8 THE WITNESS: They are incorrect.
9 MS. LAWS: Above that, in fact, is your history in relation to
10 drugs, is it not? Do you see, after you referenced the two
11 dogs, "AH reports history of substance abuse", do you see that
12 sentence?
13 A. I do see that sentence.
14 Q. I am going to ask you a question about it. Have you
15 anticipated the question?
16 A. No, I said I see the sentence.
17 Q. "AH report history of substance abuse, including an addiction
18 to cocaine and liquor. Client reports abstaining from cocaine
19 for a couple of years but was unable to report exact dates."
20 Was that true?
21 A. No.
22 Q. So, Dr. Kipper has either lied or got it wrong, is that right,
23 when passing your history on to Erin Burin?
24 A. I did not spend much time with Kipper. I do not even know

10 Q. This is the page we have looked at before, 27th August 2014
11 So, it is the first visit with Erin Burin that we have looked
12 at before, all right, so that has to put it in context. The
13 final paragraph says: "Per report from JD, Debbie RN,
14 Dr. Kipper. Client AH has reportedly been experiencing
15 increased anxiety and agitation recently and has had several
16 outbursts of anger and rage, her mood has been labile."
17 I will finish that next sentence: "Both client and fiancé, JD,
18 report an increase in verbal disagreements resulting from
19 client's anxiety and emotional lability. Client expressed
20 concern to husband and Dr. Kipper that she is nervous about
21 being alone while husband is working on movie set in London
22 and expressed she has difficulty dealing with feelings of
23 insecurity and jealousy when not in the presence of her
24 husband." Let us break it down. What it looks like there is
25 that Erin Burin is reporting partly what you have said to her

[Page 1585]

1 HEARD - LAWS
2 and partly what others have said to her. Would you agree with
3 that?

[Page 1547]

1 HEARD - LAWS
2 A. No, I was on one medication.
3 MR. JUSTICE NICOL: Just a minute. Receiving medication and
4 treatment before you met Mr. Depp, and you said?
5 THE WITNESS: I may have misheard you, but I think Ms. Laws said a
6 variety of medication?
7 Q. Were you on any medication, before ----
8 A. Just that one that I have just mentioned.
9 Q. Can you tell me what the one that you were on was?
10 A. It is called Provigil, it is prescribed for narcolepsy and
11 sleep pattern disruption.
12 Q. That was the only medication that you were on before you met
13 Mr. Depp, was it?
14 A. Yes.
15 MS. LAWS: I suggest that is a total lie what you have just said.
16 A. No, it is not.
17 Q. All right. Let us go on to the rest of the entry there, at
18 page 211. It is in relation to your illegal drug abuse.
19 "Client admits to illicit drug use during the trip and states
20 she ingested mushrooms and MDMA simultaneously while also
21 consuming alcohol...(reads to the words)... client reported
22 that her husband was not aware of male visitors nor her
23 illicit drug use." Can I ask you, is that entry correct or
24 has Erin Burin got any of that wrong?
25 A. I do not think she had anything wrong.

[Page 1593]

1 HEARD - LAWS
2 course, attending a meeting, studying, you took your
3 medications at the proper time, then you went out shopping
4 with Erin Burin "and with the client's assistant". Who was
5 that?
6 A. Savannah McMillen, my friend.
7 Q. You have described her here as your assistant, though?
8 A. I did not.
9 Q. So that is another mistake by ----
10 A. That is Erin, yes.
11 Q. "... and Debbie. Then RN...(reads to the words)... coping
12 skills involved compulsive anger and yelling." Do you
13 remember that now? Do you remember that incident, going to a
14 restaurant and feeling frustrated with the waiting staff?
15 A. No.
16 Q. This clearly is an incident where Mr. Depp is not even
17 present?
18 A. Yes, but, as she said, I was calm about it.
19 Q. Was that his fault as well?
20 MR. JUSTICE NICOL: Just a minute. So you recall the incident
21 with the waiting staff and then you were asked, I think, was
22 Mr. Depp present on this occasion?
23 A. No, he was not, but as Erin Burin said herself, I dealt with
24 it calmly.

2 Q. We do not need to go over again what had happened. It was
3 very unpleasant. "Client states she is experiencing high
4 level of anxiety." Erin Burin goes to your house, you are
5 crying, hypervocal, you were offered emotional support by her
6 and guided through relaxation techniques; is that all correct?
7 A. That sounds right. I do not remember that specific instance
8 in full detail, of course, but ----
9 Q. I think you remember it, though. You have just told us in
10 great detail about what happened?
11 A. I told you the background. You do not forget that part. That
12 is a big thing in somebody's life, but I do not remember every
13 detail of the conversation we had.
14 Q. "Client's fiancé", it is noted, "offered emotional support.
15 Client able to calm self and agree to journal thoughts as
16 coping mechanism." So, in fact Mr. Depp was being calming
17 towards you. That is right, is it not?
18 A. He might have been in front of other people. He did not stay
19 in that mood very long.
20 MR. JUSTICE NICOL: Just a minute. (Pause) Yes.
21 MS. LAWS: Now, if I can move on, then, please, a number of
22 witnesses we have heard, and I will not go through them all,
23 have described you as ----

25 MS. LAWS: Yes, or if we can keep it out for a moment, there is

7 Now, that was over the phone, that conversation, but the
8 very next day, so on 17th December, Erin Burin is in contact
9 with you to notify you that she will be able to deliver your
10 medications to your home. So she turned up -- this is quite

6 MR. JUSTICE NICOL: Just a minute. (Pause) You were being
7 particularly asked about bruises and you said you had bruised
8 ribs ----
9 A. I had bruised ribs, bruises all over my body, bruises on my
10 forearms from trying to defend the blows. I had two black
11 eyes. I had a broken nose. I had a broken lip. I had
12 bruises primarily. The really bad ones were in my hairline,
13 in my scalp, my chin ----
14 Q. Just a minute. (Pause)
15 A. There were chunks of hair missing, there was pus in those
16 wounds, in my hairline, dark red bruises specifically, like,
